

Feedthrough

SST Standard Feedthrough Specifications

Voltage: to 30 kV

Current: to 1000 Amp

Temperature: -269°C to 450°C

Internal Pressure: 1 x 10⁻¹⁰ Torr up to 3000 PSIG

RF Feedthroughs: see page 15.

These are just a few examples of SST standard feedthroughs. Contact SST for your modified or custom feedthrough requirements. For a complete library of feedthrough drawings and specifications as well as other SST parts, visit www.solidsealing.com

Connectors

SST Standard Multipin Connector Specifications

Voltage: to 12 kV DC

Current: to 40 Amp

Temperature: -269°C to 450°C
(Extreme ratings are with plug disconnected and vary depending on the part number.)

Internal Pressure: 1×10^{-10} Torr up to 3500 PSIG

These are just a few examples of SST standard connectors. Contact SST for your modified or custom connector requirements. For a complete library of connector drawings and specifications as well as other SST parts, visit www.solidsealing/parts

SST**Thermocouple****SST Standard Thermocouple Specifications**

Temperature: -269°C to 450°C
(Extreme ratings are with plug disconnected and vary depending on the part number.)

Internal Pressure: 1×10^{-10} Torr up to 3500 PSIG

Types: T, K, J, R/S, C, E

These are just a few examples of SST standard thermocouple parts. Contact SST for your modified or custom thermocouple requirements. For a complete library of thermocouple drawings and specifications as well as other SST parts visit www.solidsealing.com/parts

Isolator

SST Standard Isolator Specifications

Voltage: to 65 kV

Temperature: -269°C to 450°C

Internal Pressure: 1×10^{-10} Torr up to 1000 PSIG

ID Dimension: .11" to 2.5"

SST has designed and manufactured many custom isolators with customer specific dimensions and ratings. Please contact us with your specific requirements. We can check our inventory for components or assemblies that may also be modified to meet your needs.

These are just a few examples of SST standard isolator parts. For a complete library of isolator drawings and specifications as well as other SST parts visit www.solidsealing/parts
